

Compact Single-Door Refrigerator

This compact refrigerator features mechanical temperature control and an optimized refrigeration system. Its design includes quiet operation, energy saving features, adjustable level legs, and a flush back for space saving.

Product Overview

Compact Single-Door Refrigerator

This compact single-door refrigerator is designed for efficient cooling in space-constrained environments such as offices, apartments, or dormitories. It features a mechanical temperature control system with an adjustable thermostat to ensure optimal preservation. With its flush-back design and adjustable leveling legs, it offers a space-saving solution that prioritizes quiet operation and energy efficiency.

Technical Specifications

Model Number	BD-36
Freezer Capacity	36 L
Product Dimensions (W x D x H)	440 x 500 x 525 mm
Packing Dimensions	465 x 510 x 530 mm

Performance & Features

Performance Rating

4-Star Rated

Key Characteristics

- Mechanical temperature control with adjustable thermostat
- Quiet operation technology
- Energy-saving and environmental protection
- Adjustable leveling legs
- Flush-back space-saving design

Environmental Compliance

Compliance	100% CFC Free, No Greenhouse Gases
