

Compact Single-Tub Washing Machine

This compact washing machine is designed for small loads with a 1.5kg capacity. It features a single tub design and simple timer controls.

Product Overview

Compact Washing Solution

This portable single-tub washing machine model XPB15-109 is engineered for efficiency in limited spaces such as apartments, dorms, and camping environments. The unit features a durable construction with a transparent tub, allowing users to monitor their laundry throughout the cycle. With a 1.5kg capacity and 140W power rating, it offers a practical and energy-efficient solution for small, daily laundry needs.
