

Compact SUV with Manual Transmission

This compact SUV features a 2.0L engine and a manual transmission. It is equipped with 5 doors, ample cargo space and comfortable seating.

Overview

Compact SUV Performance

This compact SUV is engineered for versatility, featuring a robust unitary body structure and a reliable 2.0L engine. With a 5-speed manual transmission and four-wheel disc brakes, it provides precise control and responsive handling. Designed for both urban environments and light off-road use, it offers a practical balance of power, climbing capability, and fuel efficiency.
