

Compact Top-Load Washing Machine

This compact washing machine is designed for modern households. It features a user-friendly interface and multiple wash cycles to accommodate various fabric types.

Product Overview

Compact Efficient Laundry Solution

This compact top-load washing machine is engineered for high efficiency in smaller living spaces, making it a perfect fit for apartments and specialized laundry rooms. Featuring durable construction and a space-saving footprint, it delivers reliable performance for diverse fabric needs. Its advanced design incorporates precise water and energy management to ensure economical operation for every cycle.

Technical Specifications

Waterproof Class

IPX4

Power Supply

220V / 50Hz

Inlet Pressure

0.8 MPa

Performance Metrics

Consumption Metrics

0 kW*h/cycle

Energy Usage

0 L/cycle

Water Usage

Physical Dimensions

Dimensions & Weight

Attribute	Value
Width	526 mm
Depth	540 mm
Height	940 mm
Net Weight	41 kg
Gross Weight	46 kg

Logistics

Container Capacity

- 20' Container: 72 units
- 40' Container: 160 units
