

Compact Top-Loading Washing and Spin-Drying Machine

This compact washing machine is designed for household use. It features a top-loading design with separate compartments for washing and spin-drying.

Product Overview

Compact Laundry Solution

This compact top-loading washing and spin-drying machine is specifically engineered for efficient laundry care in limited spaces. The unit features a dual-compartment design that separates washing and spin-drying functions for improved workflow. Its durable white finish and reinforced grey base make it a reliable choice for small to medium-sized laundry requirements.
