

Compact Top-Loading Washing Machine

This compact washing machine features a top-loading design with a transparent lid. The control panel includes a digital display and various buttons for selecting wash cycles and settings.

Product Overview

Compact Laundry Solution

This compact top-loading washing machine is specifically engineered for small living spaces and light laundry loads. Featuring a modern white body with high-visibility red accents, it offers a user-friendly digital interface for precise wash cycle management. The transparent lid allows for easy monitoring of the wash process, making it an ideal choice for efficiency-minded professional or residential environments.
