

# Compact Top-Loading Washing Machine

This compact top-loading washing machine is designed for efficient and convenient laundry care. It offers multiple wash cycles to accommodate various fabric types and soil levels.

## Product Overview

### Compact Laundry Solution

The XQB60-6266 is a high-efficiency top-loading washing machine engineered for modern, space-constrained environments such as apartments and dormitories. Its durable design features intuitive controls and multiple wash cycles to handle diverse fabric types with precision. By integrating advanced cleaning technology, this unit ensures a thorough wash while optimizing both water and energy usage for cost-effective operation.
