

Compact Twin Tub Washing Machine

This compact washing machine is designed for household use. Its twin tub design allows for simultaneous washing and spinning.

Product Overview

Efficiency Meets Compact Design

This twin tub washing machine is engineered for high performance in smaller living spaces, offering a perfect balance between capacity and footprint. Featuring a specialized quiet-operation motor, it provides a peaceful laundry experience while maintaining robust cleaning power. The unit is designed with energy and water conservation in mind, ensuring cost-effective operation for the modern household.

Key Features

Performance Highlights

7.5 kg
Washing Capacity

Efficiency Features

Energy Efficient, Water Saving, Ultra-Quiet

Technical Specifications

Design Configuration	Twin Tub (Simultaneous Wash and Spin)
