

# Compact Ventilation Exhaust Fan

This compact exhaust fan is designed for ventilation purposes. It is suitable for removing stale air and odors from small spaces like bathrooms or kitchens.

## Product Overview

### Compact Ventilation Solution

This compact exhaust fan is engineered to provide efficient air circulation in small residential or commercial environments. Featuring a durable white plastic housing and a precision-engineered three-blade impeller, it effectively removes stale air and odors. Designed for versatility, the unit includes a rear mounting bracket, making it suitable for quick and secure installation in walls or windows.
