Overview

Compact Water Truck for Dust Suppression

Designed for efficient dust suppression and urban sanitation, this compact water truck offers a practical solution for municipal cleaning and environmental maintenance. Its maneuverable chassis and 6,700-liter capacity make it ideal for navigating narrow streets and congested areas. Equipped with versatile spraying systems and a powerful water cannon, it provides reliable performance for various water distribution tasks.

Performance & Capacity

Tank Capacity	6700 L
Sprinkling Width	14 m
Water Cannon Range	28 m
Pump Suction Lift	6 m
Maximum Speed	90 km/h

Vehicle Dimensions

Overall Dimensions	7000 x 2180 x 2750 mm
Wheelbase	3800 mm
Mass in Working Order	4005 kg

Technical Specifications

Engine Displacement / Power	3856 ml / 88 kW
Traction System	4x2
Transmission	5-speed with overdrive
Tire Specification	7.50-16

Equipment & Features

Standard Equipment

- Front, rear, and side sprinkler nozzles
- Rear working platform with water cannon
- High-performance water pump
- Fire valve
- Water valve
- Filter gauze

Commercial Terms

Production Cycle	15-20 days
Warranty	12 months
