

Comprehensive Surveillance System with Four Bullet Cameras

This comprehensive security system is designed for robust surveillance. It includes a central recording unit and four high-resolution bullet cameras.

System Overview

Professional Surveillance Solution

This comprehensive surveillance system is designed for robust security monitoring in both indoor and outdoor environments. It features a reliable 4-channel wired NVR kit paired with high-definition bullet cameras, ensuring clear 1080P video capture. With advanced H.265 compression and support for high-capacity storage, this system provides an efficient and scalable solution for professional security needs.

Channel Count	4 CH
Optional Channel Support	8CH, 16CH

Camera Specifications

Resolution

2 MP Resolution	1080 P Video Quality
---------------------------	--------------------------------

IPC Chipset	SSC325+GC2053
-------------	---------------

NVR Specifications

Compression Standard

H.265

NVR Chipset	Hi3536DV100
