

# Compressor Wine Cooler Cabinet

This compressor wine cooler cabinet offers a single temperature zone and a capacity of 270 liters, accommodating up to 96 bottles. It features wooden shelves and interior lighting to showcase the wine collection.

## ADDITIONAL IMAGES

## Product Overview

### Professional Wine Storage Solution

This compressor-based wine cooler cabinet is designed to provide optimal storage conditions for up to 96 bottles. With a generous 270-litre capacity and a single-zone temperature control system, it ensures your collection is preserved at the ideal temperature between 5-22 . The unit features 5+1 beech wood shelves, combining durability with an elegant display aesthetic suitable for commercial and professional settings.
