

Computer Keyboard

This is a computer keyboard. It is designed for comfortable and efficient typing.

Product Overview

Energy-Efficient Lighting Solution

This compact fluorescent lamp is designed as a high-efficiency alternative to traditional incandescent lighting. Its curved, folded tube design allows it to fit seamlessly into standard fixtures while significantly reducing energy consumption. By using only one-fifth to one-third of the power of standard bulbs, this lamp offers both cost savings and long-lasting performance for professional environments.

Technical Specifications

Power Rating	11 W
Operating Voltage	230 V
Model Identifier	YDW11-2U

Features

Efficiency Benefits

- Uses 1/5 to 1/3 of electric power compared to incandescent lamps
- Lasts 8 to 15 times longer than standard incandescent bulbs
- Fits into existing incandescent light fixtures
