

Concrete Cut-Off Saw

This concrete cut-off saw is equipped with a primer bulb for easy starting and an effective anti-vibration system. It also features an automatic oil pump, oil lubrication, an engine clean air-intake system and a combination throttle/switch structure.

Overview

High-Performance Concrete Cut-Off Saws

The PN650 and PN720 series are powerful, versatile tools engineered for demanding cutting tasks across concrete, asphalt, and metal. These saws feature high-performance engines and robust frames designed for long-lasting reliability in construction and demolition environments. Equipped with user-friendly controls and integrated safety features, they ensure both efficiency and operator protection during intensive maintenance applications.

Performance Metrics

Performance Highlights

3500 W

Max Power (PN720)

14 in

Cutting Length

72 cc

Displacement (PN720)

Model Comparison

Technical Specifications by Model

Feature	PN650	PN720
Displacement	65cc	72cc
Max Energy Power	3000W	3500W
Weight	9.5kg	9.8kg
Fuel Mixture Ratio	25:1	25:1
Ignition System	C.D.I	C.D.I
Blade Hole Diameter	22mm	22mm
Cutting Length	14"	14"
