

Concrete Mixer Truck

This heavy-duty truck efficiently transports and mixes concrete to construction sites. Its rotating drum ensures consistent concrete quality during transit.

Overview

Heavy-Duty Concrete Mixer Truck

This heavy-duty concrete mixer truck is designed for the efficient transport and continuous mixing of concrete on construction sites. Featuring a robust rotating drum, it ensures optimal concrete consistency during transit, making it an ideal solution for large-scale construction projects and ready-mix suppliers. Built with durable materials, this vehicle is engineered for long-lasting performance in demanding environments.

Configuration

Discharge Configuration

Front Discharge, Rear Discharge

Maintenance & Components

Chute System Parts

- Chute support
- Pivot arm weldment plate
- Air chute brake
- Fold over chute weldment
- First section chute

Hardware & Fasteners

Component	Specification
Nut	1/2-13 nylon insert
HHCS	1/2-13*1/4" GR8
HHCS	7/8-9*4-1/2" GR8
Washer	Flat, 7/8"
Nut Lock	7/8-9 GR8
Key	3/8*1/2*2-3/4

Bearing Assembly

- Grease seal
- Bearing cup
- Bearing cone
- Spacer
- Swivel bearing
