Product Overview

High-Efficiency Continuous Band Sealer

This continuous band sealer is designed for high-volume packaging applications, featuring electronic constant temperature control and an automatic conveying device. It offers versatile operation, supporting both horizontal configuration for dry goods and vertical configuration for liquid goods. With integrated printing and counting capabilities, it streamlines production by sealing, printing batch information, and tracking output in a single pass.

Technical Specifications

Construction Material

Stainless Steel • Spray Painting

Operational Modes

- Horizontal (for dry goods)
- Vertical (for liquid goods)

Integrated Features

Constant Temperature Control, Automatic Conveyor, Date Printing, Batch Number Printing, Production Counting

Safety & Compliance

Safety Features

- Emergency Stop Button
- Digital Control Panel
- Electronic Temperature Regulation

Compliance

Medicine Hygiene Law, Food Hygiene Law
