

Continuous Rim Diamond Saw Blade

This diamond cutting blade features a continuous rim for smooth and precise cutting of hard materials like tile and ceramic. It has a 105mm diameter and 20mm bore, suitable for wet or dry cutting applications with a maximum speed of 14500 RPM.

Overview

Continuous Rim Diamond Saw Blade

This continuous rim diamond saw blade is engineered for precision and smooth cutting performance. Designed for versatility, it is suitable for both wet and dry cutting applications across various hard materials like tiles and ceramics. With a robust construction and high-speed rating, it is an ideal choice for professional-grade cutting tasks.

Technical Specifications

Diameter	105 mm
Bore Size	20 mm

Performance Metrics

Key Performance Metrics

14500 RPM
Max Speed

80 m/s
Max Peripheral Speed

Usage & Compatibility

Compatible Materials

- Tiles
- Ceramics
- Hard Materials

Cutting Applications	Wet Cutting, Dry Cutting
----------------------	--------------------------

Construction

Rim Type	Continuous
Edge Material	Diamond
