Product Overview

Professional-Grade Angle Grinder

This corded angle grinder is engineered for demanding cutting, grinding, and polishing tasks. It features a robust motor capable of reaching 11000 RPM for efficient material removal and smooth finishes. Designed with user comfort and tool longevity in mind, it includes an ergonomic side handle and advanced dust and oil protection systems.

Technical Specifications

Rated Power

1010 W

Power Input

Maximum Speed

11000 RPM

No-Load Speed

Key Features

Durability & Protection

- Labyrinth dustproof design on bearing block
- Anti-oil leakage O-ring structure
- Double ball bearing spindle support
- Restart protection

Ergonomic Design

15-degree forward design of side handle for comfortable operating

Compatibility

Model Number

CT13502-115R

Suitable Applications

Cutting, Grinding, Polishing, Metalworking, Masonry
