Overview

Professional Corded Angle Grinder

This high-performance corded angle grinder is engineered for demanding cutting, grinding, and polishing tasks. Featuring a powerful motor capable of reaching 11000 RPM, the tool includes advanced durability features such as a labyrinth dustproof bearing block and an anti-oil leakage O-ring structure. Designed for professional use, it offers superior stability with a double ball-bearing spindle and an ergonomic 15-degree forward-angled side handle for enhanced control.

Technical Specifications

Maximum Speed	11000 RPM
Power Rating	1010 W
Key Features	Dustproof Design, Anti-Oil Leakage, Electronic Speed Regulation, Double Ball Bearing Spindle

Design & Ergonomics

Construction Highlights

- Labyrinth dustproof design of bearing block
- Anti-oil leakage structure of O-ring
- Double ball bearing spindle support

Side Handle Angle	15 degree forward design
