Product Overview

High-Performance Grinding and Cutting

This corded angle grinder is engineered for professional cutting, grinding, and polishing applications. It features a high-speed motor capable of reaching 11,000 RPM for efficient material removal. Built for longevity, the tool incorporates advanced dust protection and oil-leakage prevention systems to ensure reliable performance in demanding work environments.

Performance

Key Performance Metrics

11000 RPM
Max Speed

1010 W
Power Output

Speed Control

Yes

Design & Durability

Durability Features

- Labyrinth dustproof design of bearing block
- Anti-oil leakage structure of O-ring
- Double ball bearing spindle support

Ergonomic Design

15-degree forward side handle for comfortable operation

Disc Diameter

125 mm

Features

Capabilities

Cutting, Grinding, Polishing, Spindle Lock, Electronic Speed Regulation
