

# Corded Circular Saw for Wood Cutting

This corded circular saw is designed for cutting wood and other materials. It features a powerful motor, adjustable cutting depth and bevel angle, blade guard, and ergonomic handle.

## Product Overview

### Professional Corded Circular Saw

This high-performance corded circular saw is engineered for precision wood cutting and versatile material processing. Designed with a powerful motor and an ergonomic handle, it ensures consistent operation for both professional contractors and demanding DIY projects. The unit features adjustable cutting depth and bevel angle capabilities, alongside a robust blade guard for enhanced safety during use.

## Technical Specifications

Power Source	Corded
Primary Application	Wood Cutting, Construction, Carpentry

## Key Features

### Performance Highlights

**1 Enabled**

High-Speed Rotation

### Adjustable Settings

- Adjustable cutting depth
- Adjustable bevel angle

## Safety & Design

### Safety Components

Blade Guard • Ergonomic Handle
