

Corded Circular Saw for Woodworking

This corded circular saw is designed for cutting wood and other materials. It features adjustable cutting depth and bevel angle, a high-torque motor, and a dust extraction port.

Overview

Professional Performance

This 18V circular saw is engineered for precision and efficiency in woodworking applications. Equipped with a robust 885# motor, it delivers consistent performance for both professional and DIY tasks. The tool features adjustable cutting depth and bevel angles, ensuring versatility for various cutting requirements.
