

Corded Electric Power Drill

This corded electric drill is designed for drilling holes in various materials. It features a chuck for holding drill bits and a handle for grip and control.

Product Overview

Versatile Corded Power Drill

This corded electric drill is engineered for high-performance drilling across a variety of materials, making it a reliable choice for both professional and DIY applications. Its durable construction ensures longevity under frequent use, while the ergonomic handle and trigger design provide optimal control and grip. Powered by a 550W motor, it delivers consistent performance for demanding tasks.

Technical Specifications

Power Rating

550 W

Rated Power

Operating Voltage

220 V

Frequency

50 Hz

Model Number

J1Z-ZT3-13A

Design & Features

Key Features

- Integrated chuck for secure bit retention
- Ergonomic handle for improved grip and control
- Trigger-based operation for precision
- Durable housing construction

Usage & Application

Application Scope

Professional Use • DIY Projects • Multi-material Drilling

Power Source

Corded Electric
