

# Corded Power Drill

This corded power drill is suitable for various drilling applications. It features a standard chuck, ergonomic handle, and a power cord.

## Product Overview

### Professional Low-Speed Drilling Solution

This corded electric drill is engineered for precision and reliability in various drilling applications. Featuring a robust 280W motor and a low-speed operational range of 0-550 RPM, it provides the controlled torque necessary for demanding tasks. Its ergonomic design ensures user comfort during extended operation, making it a dependable tool for professional workshops and construction sites.

## Technical Specifications

Rated Power	280 W
Voltage	220V-240V
Frequency	50 Hz

## Performance Metrics

### No-Load Speed

**550 R/MIN**

Max Speed

## Design Features

Key Features	Ergonomic Handle, Corded Power, Low-Speed Torque, Standard Chuck
