

# Corded Rotary Hammer

This rotary hammer is designed for drilling and chiseling concrete, masonry, and similar hard materials. It features a powerful motor, variable speed control, and vibration reduction.

## Overview

### Professional Rotary Hammer Performance

This high-performance rotary hammer is engineered for demanding drilling and chiseling tasks in concrete, masonry, and other hard materials. It features a robust motor and variable speed control, ensuring efficiency during intensive construction or demolition projects. Designed with a built-in vibration reduction system, the tool maximizes user comfort and minimizes fatigue during extended job site use.

## Performance

### Key Performance Indicators

**28 mm**
