

Cordless 4-in-1 Multi-Tool

This 4-in-1 multi-tool offers versatile functionality for lawn care. The cordless system includes attachments for trimming, edging, pruning, and hedge trimming.

Product Overview

Versatile 4-in-1 Cordless System

This 40V cordless multi-tool is engineered for comprehensive lawn maintenance, offering a single solution for multiple landscaping tasks. The system features a tool-free attachment mechanism that allows users to switch seamlessly between trimming, edging, pruning, and hedge trimming. Designed with user comfort in mind, it includes an adjustable handle and a lightweight chassis to ensure easy maneuverability during extended operation.
