

Cordless Angle Drill

This compact angle drill is designed for accessing tight spaces. It features variable speed control and a keyless chuck for easy bit changes.

Product Overview

Versatile Cordless Angle Drill

This cordless angle drill is engineered for efficiency in confined spaces where traditional drills cannot reach. Equipped with a 550# motor and variable speed control, it provides reliable performance for DIY projects and light professional tasks. The ergonomic design and integrated LED lighting ensure precision and ease of use in dark or restricted work areas.

Technical Specifications

No Load Speed

700 RPM
Max Speed

Motor Type	550# Motor
Voltage Options	12V DC, 18V DC
Chuck Capacity	0.8-10mm (Plastic Chuck)

Power & Charging

Available Battery Capacities

- 1.3Ah
- 1.5Ah
- 2.0Ah

Charging Options

3-5h Standard Charger • 1h Fast Charger

Battery Configuration	Single or Double Battery Options
-----------------------	----------------------------------

Features

Integrated LED Light	Yes
Series	DIY Series

Packaging

Available Packaging

- Color box
- Nylon bag
- BMC (Blow Mold Case)
