

Cordless Angle Grinder

This cordless angle grinder is a versatile power tool for cutting, grinding, and polishing. It features a brushless motor for enhanced efficiency and extended runtime.

Product Overview

Professional Cordless Performance

This versatile 18V cordless angle grinder is engineered for demanding cutting, grinding, and polishing tasks across various materials. Featuring a high-efficiency brushless motor, it provides extended runtime and consistent power for professional applications. The ergonomic design includes a side handle for superior control, ensuring comfort and precision during operation.

Technical Specifications

Performance Metrics

8000 RPM

Max Speed

125 mm

Max Disc Diameter

Variable Speed Options

- 3000
- 5000
- 8000

Model Number	BCLS1690
Voltage	18 V
Spindle Sizes	M10, M14
Available Disc Diameters	100mm, 125mm

Features

Key Highlights

Brushless Motor • Cordless Convenience • Lithium-Ion Powered • Ergonomic Handle
