

Cordless Circular Saw with Carbide Blade

This cordless circular saw features an 8-inch blade with 24 teeth, designed for smooth cuts in various materials. It is suitable for both industrial and home use, offering a combination of power and precision.

Product Overview

Professional Cordless Performance

This 18V brushless circular saw is engineered for high-performance cutting in both industrial and residential environments. Featuring a durable carbide-tipped blade, it delivers smooth, precise cuts with a no-load speed of 4500rpm. Designed for versatility, it offers adjustable cutting depths and compatibility with a wide range of battery capacities to suit your specific project requirements.

Technical Specifications

No Load Speed

4500 rpm

No Load Speed

Motor Technology	Brushless
Voltage	18 V

Cutting Capacity

Cutting Depth (90°)	62 mm
Cutting Depth (45°)	43 mm

Power & Charging

Compatible Battery Capacities

- 1.5Ah
- 2.0Ah
- 2.5Ah
- 3.0Ah
- 4.0Ah
- 5.0Ah

Charging Time	1 hour
Key Features	Brushless Motor, Battery Indicator, Carbide Blade

Packaging Options

Available Packaging

Color Box • Nylon Bag • BMC (Blow Mold Case)
