

Cordless Drill Driver with LED Light

This cordless drill driver is designed with a soft grip handle and powered by a lithium battery. It features 2-speed settings and an integrated LED light for enhanced visibility during use.

Overview

Versatile Cordless Performance

This 12V cordless drill driver is designed for both home repair tasks and heavy-duty construction applications. Featuring a rechargeable lithium battery, it offers the freedom to work anywhere without the need for a constant power source. With a 2-speed gearbox, adjustable torque settings, and an integrated LED light, it provides the control and visibility needed for precise drilling and driving.

Technical Specifications

Voltage	12 V
Battery Capacity	1300 mAh
Battery Type	Lithium
No-load Speed	0-350/0-1200
Chuck Size	10 mm
Max Torque	22 N.m.
Torque Settings	18+1

Features

Key Features

- Integrated LED light
- Comfortable soft grip handle
- Power light indicator
- Optional spindle lock

Logistics

Packaging Dimensions	320 x 273 x 225 mm
Quantity per Carton	5
