

Cordless Dual-Action Blade Hedge Trimmer

This cordless hedge trimmer features dual-action blades for efficient cutting and reduced vibration. It has a rotating rear handle for comfortable use at various angles and a safety switch.

Product Overview

Professional Cordless Hedge Trimmer

This 40V cordless hedge trimmer is engineered for efficiency and user comfort, featuring a high-performance brushless motor and dual-action laser-cut blades. With a 600mm cutting length and a rotating rear handle for versatile operation, it is designed to handle demanding trimming tasks with reduced vibration. The robust ABS housing and metal gear construction ensure durability, while the flexible battery system allows for extended runtime options.

Performance Metrics

Key Performance Indicators

40 V

Voltage

1500 RPM

No-load Speed

26 mm

Max Cutting Diameter

600 mm

Cutting Length

Technical Specifications

Construction Materials

- ABS Housing
- Metal Gears

Motor Technology

Brushless motor (40V rotating inner rotor with hall sensor)

Blade Characteristics

Double-action, Laser-cut

Usability & Safety

Rear Handle Angles

0° • ±45° • ±90°

Safety Features

Electric cutter stop

Power & Charging

Supported Battery Capacities

- 1.5Ah
- 2.0Ah
- 2.5Ah
- 3.0Ah
- 4.0Ah
- 5.0Ah
- 6.0Ah
- 8.0Ah

Charging Time

1 h
