Overview

The 40V Lithium-Ion system provides cordless freedom and includes both battery and charger.

Professional Cordless Cylinder Mowing

This 40V Lithium-Ion cordless cylinder lawn mower offers a professional-grade cutting experience with the freedom of battery power. Designed to be significantly lighter than traditional lead-acid models, it features an intelligent digital motor that maintains consistent power through long or wet grass. Ideal for small to medium-sized gardens, it delivers a precise, scissor-like cut that promotes a healthier and more attractive lawn.
