Product Overview

Professional Cordless Electric Scissors

This high-efficiency electric cutting tool is designed for both industrial and domestic applications, offering precise performance on materials ranging from textiles to leather. Featuring a durable tungsten steel blade and a versatile dual-power system, it provides continuous operation through either a rechargeable battery or direct AC connection. Its ergonomic, lightweight construction helps reduce user fatigue during extended cutting tasks in manufacturing or hobbyist environments.

Technical Specifications

Output Power	35 W
Blade Material	Tungsten steel
Charging Time	2 hours
Machine Body Weight	0.376 KG
Operation Modes	Cordless (Battery), Corded (AC Power)

Performance

Cutting Performance

10 mm

Max Cutting Depth

100 V

Min Input Voltage

240 V

Max Input Voltage
