

Cordless Electric Grass Trimmer Edger

This cordless electric grass trimmer edger is designed for trimming grass and edging lawns with ease. It features a lightweight design, adjustable handle, and rotating head for versatile use.

Product Overview

Cordless Electric Grass Trimmer Edger

This cordless electric grass trimmer and edger offers a versatile solution for maintaining tidy lawns and gardens. Designed with user convenience in mind, it features an extendable aluminum rod and a 90-degree adjustable head for multi-angle cutting. The cordless, battery-powered operation provides freedom of movement, while the integrated safety shield and robust triangular steel blade ensure efficient and secure performance.
