Product Overview

Versatile Industrial Cutting Solution

These portable electric scissors are engineered for both industrial and household applications, offering high energy efficiency and low noise operation. Featuring durable tungsten steel blades, the tool is designed to handle a wide range of materials from delicate fabrics to thick cardboard and leather. The dual-power system allows for both cordless operation via rechargeable battery and continuous corded use, ensuring maximum productivity.

Technical Specifications

Cutting Capacity

10 mm

Max Cutting Depth

35 W

Output Power

2 hours

Charging Time

Physical Characteristics

Attribute	Value
Blade Material	Tungsten Steel
Weight	0.376 kg
Charger Voltage	100-240V

Performance & Application

Material Cutting Guide

- 10mm: Underwear, cloth, textile, knitwear, felt, blanket, curtain
- 7mm: Five-layer cardboard, 17 sheets of A4 paper (80g)
- 5mm: Leather, carpet, plastic, fiberglass, rubber

Key Features

Portable, Rechargeable, Corded/Cordless Dual Use, Low Noise, Heat Emission Cooling, Anti-Fatigue

Accessories & Contents

Package Contents

- Fuselage
- Cutter head A (Sharp/Short life)
- Cutter head B (Blunt/Long life)
- Battery
- Power adapter
- Charging stand
