

Cordless Electric Iron

This cordless electric iron provides freedom of movement for convenient ironing. Its sleek design and ergonomic handle make it suitable for quick touch-ups and travel.

Product Overview

Cordless Electric Iron (CL-818C)

The CL-818C Cordless Electric Iron is designed to provide maximum freedom of movement during ironing tasks, eliminating the constraints of a power cord. Featuring an ergonomic design with a comfortable handle, this appliance ensures ease of use for both quick touch-ups and standard ironing sessions. Its sleek, portable construction makes it an ideal solution for users seeking efficiency and convenience in their garment care routine.
