

Cordless Electric Kettle with Textured Design

This cordless electric kettle is designed for boiling water quickly and efficiently. It features a modern design with a textured body, a comfortable handle, and a visible water level indicator.

Product Overview

Modern Textured Cordless Kettle

This 1.7-liter cordless electric kettle combines a sleek, textured design with reliable performance for any kitchen environment. Featuring a concealed stainless steel heating element and safety mechanisms like dry boil protection and automatic shut-off, it ensures efficiency and peace of mind. The removable, washable filter and 360-degree cordless base make it both convenient to use and easy to maintain.
