

Cordless Electric Pruning Shears

These cordless electric pruning shears have a maximum cutting diameter of 2.5cm. They are powered by a 16.8V battery and designed for efficient, precise pruning.

Product Overview

Professional Cordless Pruning Solution

These cordless electric pruning shears are engineered for efficient and precise cutting in gardening and agricultural environments. Featuring a robust 16.8V power system, they provide the necessary force for demanding pruning tasks while maintaining a lightweight, ergonomic profile. Designed for comfort during extended use, this tool helps reduce fatigue and increases productivity for professional landscaping and farming operations.

Technical Specifications

Max Cutting Diameter

2.5 cm

Max Cutting Diameter

Rated Voltage

16.8 V

Model Number

HS-2502

Features

Key Features

- Cordless operation for maximum mobility
- Ergonomic design for comfortable handling
- High-efficiency motor for agricultural use
- Durable construction for extended service life

Applications

Gardening, Agriculture, Orchard Maintenance
