

Cordless Electric Snow Shovel

This cordless electric snow shovel is powered by a 40V lithium battery, with options for 2.0, 2.5, 4, or 5Ah capacities. The battery and motor are positioned to provide balanced weight distribution and enhanced maneuverability.

Product Overview

High-Performance Snow Clearing

This cordless electric snow shovel utilizes advanced Lithium-Ion battery technology to replace conventional gasoline power, offering a cleaner, quieter, and more environmentally friendly alternative. Designed for stable performance and durability, it features a unique tire design that provides excellent shock absorption for comfortable operation. The unit is engineered for efficiency, combining low energy consumption with high-performance output to handle snow removal tasks effectively.

Power & Performance

Compatible Battery Capacities

- 2.0 Ah
- 2.5 Ah
- 4.0 Ah
- 5.0 Ah

Voltage	40 V
Power Source	Lithium-Ion Battery

Design & Ergonomics

Model ID	D2HT424-A
Weight Distribution	Optimized for balance
Handle Mechanism	Quick-locking handle
Mobility Features	Shock-absorbing tires, Smooth running

Environmental Impact

Key Benefits

Zero Emission • Low Noise • Energy Saving • Recyclable
