Product Overview

Cordless Convenience for Precise Bonding

This 4V cordless hot melt glue gun is engineered for efficiency and portability, featuring a rapid 60-second heat-up time to streamline your workflow. Designed for versatility, it supports 7mm glue sticks and offers a consistent flow rate of 1.5g/min, making it ideal for crafting, DIY projects, and quick repairs. The integrated lithium-ion battery and ergonomic design ensure comfortable, tether-free operation in any workspace.
