Product Overview

Versatile Cordless Performance

This cordless immersion blender offers total freedom of movement in the kitchen without the constraint of power cords. Featuring a 140W high-power motor and durable 304 stainless steel components, it is designed to blend, chop, whisk, mash, and puree ingredients with professional results. The ergonomic handle and intuitive single-button variable speed control make prep work effortless and efficient.

Technical Specifications

Max Power	140 W
Battery Capacity	2000 mAh
Output Voltage	7.4 V
Input Voltage	5 V

Features

Construction Materials

- 304 Stainless Steel Rod
- SUS301 Stainless Steel Blade
- Ergonomic handle

Core Features

Cordless Design, Variable Speed Control, Easy Click Attachment System, Quick Charge, Ice Blade System

Compliance

Global Certifications
