Overview

Complete cordless drill kit with battery and charger.

High-Performance Cordless Impact Drill

This professional-grade cordless impact drill features a highly efficient brushless motor, delivering robust power for demanding drilling and driving tasks. Engineered for versatility, it includes a 13mm self-lock metal chuck and a 23+3 torque position clutch for precise control across various materials including wood, metal, and plastic. The ergonomic, lightweight design combined with an auxiliary handle and LED work light ensures maximum comfort and accuracy, even in challenging environments.

Performance

Brushless motor technology offering 55N.m of maximum torque.

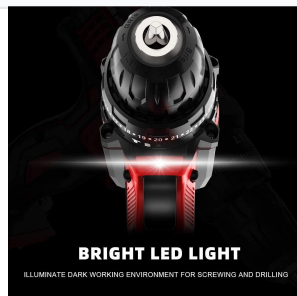

Maximum Torque

55 N.m

Max Torque

Motor Technology	Brushless
Speed Gears	2
No-Load Speed	0-400rpm / 0-1600rpm
Impact Rate	0-6000bpm / 0-22500bpm

Technical Specs

Precision torque control and integrated LED workspace illumination.

Chuck Capacity	13 mm
Chuck Type	Self-Lock Metal Chuck
Torque Settings	23+3

Power System

Fast charging unit included for reduced downtime.

Battery Voltage	20V
Standard Battery Capacity	2000 mAh
Battery Status Indicator	Yes

Features

Additional Features

- LED Working Light
- Spindle Lock System
- Belt Hook
- Auxiliary Handle Included

Safety Certifications	GS, CE, EMC, ROHS, UL, ETL, BSCI
