Product Overview

Professional Cordless Impact Wrench

This 20V cordless impact wrench is engineered for high-performance fastening in automotive, construction, and maintenance environments. Featuring a powerful brushless motor and variable speed control, it delivers up to 280N.m of torque for demanding tasks. The tool is designed for user convenience with an integrated LED work light and a clear battery power display.

Technical Specifications

Maximum Torque

280 N.m

Max Torque

Motor Technology

Brushless Motor

Voltage

20 V

No-Load Speed

0-3300 rpm

Chuck Size

1/2 inch Hex

Features

Included Sockets

- 17mm
- 19mm
- 21mm
- 23mm

Key Features

LED Work Light, Battery Power Display, Variable Speed Control
