

# Cordless Leaf Blower

This cordless blower features a lightweight and ergonomic design for comfortable use. It delivers efficient blowing performance for clearing leaves, debris, and grass clippings from patios, driveways, and lawns.

## ADDITIONAL IMAGES

## Product Overview

### High-Efficiency Cordless Blower

This cordless leaf blower features a high-efficiency brushless motor and advanced turbine fan engineering for powerful performance. Designed with ergonomics and lightweight materials, it ensures user comfort and easy control during extended yard maintenance. The system is highly versatile, supporting multiple battery capacities to suit various operational needs.

## Performance Metrics

No-Load Speed	25000 RPM
Boost Speed	22000 RPM
High Speed	18000 RPM

## Airflow Specifications

### Airflow Performance by Model

Model	Boost Air Speed	Boost Air Volume
H36CF900HE	107 MPH	530 CFM
H36CF900ES	107 MPH	530 CFM

## Power & Battery

### Compatible Battery Capacities

- 2.5Ah
- 5.0Ah
- 7.5Ah
- 20Ah

Voltage

40 V

## Features

### Key Features

Brushless Motor, Variable Speed, Turbine Fan Engineering, Lightweight Design, Ergonomic Handle, Rapid Charger
