

Cordless Lithium-Ion Gun Drill

This cordless gun drill is powered by a lithium-ion battery and designed for drilling and fastening. It features a variable speed trigger, adjustable torque settings, and a keyless chuck for easy bit changes.

Overview

Professional Cordless Performance

This cordless gun drill is powered by a high-efficiency lithium-ion battery, engineered for versatile drilling and fastening applications. Designed with user comfort in mind, its compact and lightweight build ensures excellent maneuverability, making it ideal for working in tight spaces. With adjustable torque and variable speed control, it provides the precision needed for consistent results across wood, metal, and plastic materials.

Technical Specifications

Power Source	Lithium-Ion Battery
Chuck Type	Keyless
Control Features	Variable Speed Trigger, Adjustable Torque

Applications

Compatible Materials

- Wood
- Metal
- Plastic

Design

Design Highlights

Compact • Lightweight • Easy Handling
