

Cordless Pet Clipper with Ceramic Blade

This pet clipper features a ceramic moving blade to ensure gentle grooming. It offers both corded and cordless operation for convenience.

Product Overview

Professional Grooming Versatility

This cordless pet clipper is designed for efficiency and safety, featuring a specialized serrated metal fixing blade paired with a ceramic moving blade. It offers dual power flexibility, allowing for use with a rechargeable battery or a standard AA alkaline battery for uninterrupted grooming sessions. With a low-noise operation and ergonomic design, it is an ideal tool for maintaining pet coats with precision and comfort.
