Overview

Professional Cordless Reciprocating Saw

This high-performance cordless reciprocating saw is designed for versatility and efficiency across demolition, remodeling, and general cutting tasks. Featuring a 20V lithium-ion battery system, it delivers consistent power for cutting through wood, metal, and plastic with ease. The tool incorporates user-friendly enhancements like a tool-free blade change system, an adjustable pivoting shoe for stability, and an integrated LED worklight for improved visibility in tight spaces.

Technical Specifications

No Load Speed

2800 spm
Max Speed

Voltage	20 V
Charging Time	1 hour

Features

Key Features

- Tool-free quick blade change system
- Adjustable pivoting shoe for stability
- Variable speed trigger for precise control
- Integrated LED worklight
- Battery pack with LED charge indicator

Design Benefits

Compact • Lightweight • Ergonomic Handle

Compatible Materials	Wood, Metal, Plastic
