

Cordless Rivet Gun - 18V Lithium-Ion Power Tool

This cordless rivet gun is powered by an 18V lithium-ion battery. It is designed for setting rivets in construction, manufacturing, and automotive repair.

Product Overview

High-Performance Cordless Riveting

This 18V cordless rivet gun features a durable brushless permanent magnet motor with sensorless driving technology, ensuring a quick and efficient workflow. Designed for versatility, it handles steel, aluminum, and stainless steel rivets with ease, supported by a comfortable soft-grip handle for reduced fatigue. With a 1-hour quick charge capability and two-speed mechanical settings, this tool is built for professional performance in demanding environments.

Technical Specifications

Battery Voltage	18 V
Battery Capacity	1500 mAh
Charging Time	1 h
No-load Speed	1050 r/min
Rivet Size Range	3.2 - 5.0mm
Riveting Stroke	26 mm

Key Features

Tool Capabilities

- Sensorless driving brushless motor
- Soft grip handle design
- Mechanical two-speed control
- Compatible with steel, aluminum, and stainless steel rivets

Logistics & Packaging

Weight (Gross/Net)

31 kg Gross Weight	30 kg Net Weight
