

Cordless Steam Iron with Charging Base

This steam iron is a household appliance for ironing clothes. It features a water reservoir for steam generation, a temperature control dial, and a non-stick soleplate.

Product Overview

Cordless Convenience for Efficient Ironing

This cordless steam iron offers the freedom of movement needed for comfortable and efficient garment care. Equipped with a dedicated charging base and a 130ml transparent water tank, it provides consistent performance for various fabric types. The design features 13 steam holes for even steam diffusion and a powerful burst function to tackle stubborn creases.

Technical Specifications

Power Performance

1200 W

Max Power

13 count

Steam Holes
