

Cordless Steam Iron with Charging Base

This cordless steam iron provides freedom of movement during ironing. Its detachable iron unit sits on a charging base and features a non-stick soleplate.

Product Overview

Cordless Convenience for Efficient Ironing

This cordless steam iron is designed to provide maximum freedom of movement, eliminating the hassle of tangled cords during use. It features a detachable iron unit that rests on a dedicated charging base for rapid heating and stability. With a non-stick soleplate and integrated steam functionality, it ensures smooth gliding and effective wrinkle removal across a variety of fabrics.
